"THE ADVANCE AGENT."

Today at high noon William McKinley was inaugurated as President of the United States, as outlined in the full and complete report in our news dispatches. He comes as the "advance agent of prosperity," representing the hope of the people for better things and better times. The Cabinet announced in the HERALD yesterday has been well selected. We have now an American administration, with an American policy, which will protect our interests at home and abroad at all hazards.

Many optimists but unthinking people look for the return of "good times" with a rush as soon as McKinley takes the oath of office; many expect a boom, while others appear to view the outlook with little hope of improvement. The inauguration of the Republican party into power, we confidently expect, will restore better times and boom times. If the McKinley administration should be instrumental to the extent of restoring conditions of this sort, and succeeds in getting its tariff and currency policy adopted by the new Congress, it will have earned the appreciation of the American people.

AND the School Board has again violated the law! They drew an order for one month's salary for the principal of the High School, notwithstanding the threats of the ten-dollar-a-week "managing editor." Too bad!

SENATOR JOHN MASON, of Illinois, was recently ordered South for his health, and especially commended by his physician to rest nothing requiring or inspiring thought. In order to keep within the line of the doctor's instructions, Mr. Mason says he is reading a "new book" by one W. J. Bryan.

The Pennsylvania Legislature, as far as a 8-night session is concerned, might as well adjourn now, without waiting for May 1st, the time initially agreed upon when Senator McKeen's brilliant statement (?) will wind their way home. They will not adjourn now, in the interest of the taxpayer.

It is said the "managing editor" has been humiliated so much of late that he has tendered his resignation. The signature by Judge White, followed up by the new trial granted by Judge Wickham, were so greatly contrary to the "managing editor's" sense of justice that he has decided, reluctantly however, to vacate his ten-dollar-a-week position. And old satan winks little tears!

CHRISTIANITY suffers more from the hypocrites whose hearts are black with malice, and who will resort to anything to blacken the character of their fellow men. When brought face to face with those whom they attack these "holier than thou" militants cringe and squirm and say, they "received the information from what they considered reliable sources," etc. Isn't it wonder that Shenandoah has an unenviable reputation in certain quarters?

AT LEAST \$50,000 will be saved to the taxpayers of the state, says the Hazleton Standard. If the act presently by Mr. Nesbitt, is considered against the granting of a license from the multiplication of indictments by District Attorneys, Justice of the Peace or aldermen in criminal cases. It makes it compulsory upon them to include all defendants in one criminal act in one indictment. The few of these officers of the law are greatly multiplied by the well-known process of preparing several indictments for the persons involved in one criminal act.

THE CIVIC PARADE.

There Were No Fancy Evolutions to Delay the Procession.

Washington, March 4.—The civic division of the National Guard and 8,000 men in it, the main features being the large number of bands which headed the different organizations, these being fully 1,200 musicians in the civic division alone. Seven thousand were represented by clubs and organizations. The main division was divided into three sub-divisions, and each sub-division into two brigades. The first division included clubs from Delaware, Pennsylvania, New Jersey and Georgia, and the second consisted of clubs from the District of Columbia, Maryland, Virginia, New York, Kentucky and North Carolina. In the third were the clubs from Ohio, Indiana, Illinois, Michigan, Florida, Minnesota and West Virginia. Mr. Woodman, the president of the National League of Republican Clubs, commanded the first division. The brigades were commanded by John A. Wickersham of Pennsylvania, W. W. Johnson of Maryland, Thomas F. Ivey of Georgia, Representative Quinn of New York, Mr. John A. Cochran of New York and Edward Halstead.

The American Republican club of Philadelphia, with 175 men and the famous Sheridan band, acted as the escort to Mr. B. H. Warner, the grand marshal of the civic division. Samuel D. Hubley was marshal of the American club. The famous Young Men's Halm club of Cincinnati, led by Fred Hader, marched as the escort for Mr. Woodman. The club was escorted by the 1st Regiment of Ohio National Guard band of 600 men. In this civic division of the parade, Pennsylvania had 15 organizations. The Pennsylvanians were disappointed by the absence of Governor Hastings, who is confined to his home in Harrisburg with an attack of the grip.

New Jersey had five organizations in the civic division—the Freehuyten Lancers of Newark, the Hudson county delegation, the Lincoln club of Bloomfield, the Garrett A. Hobart association of Newark and the Republican Indian legion.

Delaware was represented at the inauguration by the members of the general assembly, the delegates of the constitutional convention, the Union Veterans, the Wilmington club, and the Young Men's Republican club. Wilmington, the crack Republican political organization of the state. Much disappointment was expressed among the soldiers of the state because the National Guard was not represented in the military parade, as the guard is without funds. For lack of money, also, the governor and his staff did not attend as an organization, although Adjutant General Hill, Colonel Foster and Major and others of the staff were present.

Georgia was represented by the Atlanta McKinley club, Maryland had in line the Young Men's Republican club of Baltimore, and delegations from a number of the honest money Democratic leagues formed one organization. There was also a council of the Union League of America (colored) of Baltimore, and the Fourteenth Ward Social Republican club of Baltimore.

The District of Columbia was represented by the McKinley and Hobart Uniform club, the McKinley Tariff League, the Virginia Republican association, the McKinley and Hobart club and the M. Cullion Republican National association.

Virginia had in line half a dozen clubs, including the Shenandoah Valley Patriotic League, which is made up largely of ex-Confederates or sons of ex-Confederates. This organization had the famous Stenswell band at the head of its line of 700 men.

New York had six organizations in line, and North Carolina sent the Forsythe Republican club of Winston.

Kentucky was represented by the John McKinley Republican club of Covington and the Ohio club of Louisville. West Virginia had the Elkins Game club of Wheeling, and Ohio sent clubs from Cincinnati, Columbus and Cleveland. Indiana sent the Tippecanoe club of Fort Wayne.

Illinois sent four clubs, including the Original Colored Men's McKinley club, while Michigan was represented by the Alger Republican club.

Florida had in line the Colored Traffic association, and Minnesota was represented by the Minneapolis Republican Farmers club, all dressed in Indian costume.

Crack-marching bodies who were ambitious to display their tactical skill in the parade before the largest audience they ever have faced found

CONGRESSIONAL MISCELLANY.

Members Amuse the Gallery by an Impromptu Concert.

Washington, March 4.—During the recess of the house last night the members of the galleries were treated to an unusual scene. Nearly a hundred of the members had gathered in the gallery at 10 o'clock, and while away the time singing patriotic songs. After a time they marched upon the floor, and standing in front of the speaker's desk sang "My Country 'Tis of Thee" with fine effect. General Henderson, of Iowa, beat time with his cane, and Mr. Foster, of New York, acted as leader. The galleries applauded every song exuberantly.

General Henderson attempted "Columbia, the Gem of the Ocean," but unsuccessfully. Then the "Swains River and In the Sweet Bye and Bye" were given, and finally the galleries arose with a shriek when "Dixie" was warbled with more enthusiasm than melody, and Southern members led by General Wheeler of Alabama, the famous Confederate cavalry leader, led a general yell. Hats and sticks were waved in the air when "Marching Through Georgia" was given, and the legislators were striking the first bar of "We Won't Go Home Till Morning" when Speaker Reed's gavel cut the concert short.

THE MILITARY PARADES.

There Were Twelve Thousand of Them in Washington, March 4.—There were 12,000 men in today's parade, and of these 12,000 were in military organizations. Several states that have heretofore been represented by militia regiments did not appropriate money for that purpose this year, but the procession was long enough to satisfy the most enthusiastic lover of processionism.

Company C, Third Infantry of Illinois, and Company I, Fifth regiment, were in line, and the Chicago Hussar squadron brought two full troops. The Ninth battalion, a colored organization, had three companies in line. New York had a small military representation compared with former line regiments, but there were fully 300 New Yorkers in uniform.

Maryland sent her entire National Guard, three regiments, numbering 1,500 men, and a battalion of cavalry and infantry, 100, Sheridan Post, No. 11, G. A. R., a colored organization in Annapolis, also participated in the parade.

No troops were sent by Massachusetts, but three companies were in line at their own expense.

Ohio was represented by the Fifth regiment, the Eighth regiment, two battalions of the Fourteenth regiment and two batteries of artillery, besides Troop A, of Cavalry. The military department of the State Normal college also paraded.

Connecticut was represented by Company I, Third regiment of New London National Guard.

Rhode Island sent the Newport artillery, an independent company, chartered in 1741, claiming to be the oldest military organization in the United States, and the second division of the naval militia.

Governor John W. Criggs rode at the head of New Jersey's military, with his imposing staff in their glittering attire. The Second regiment of Baltimore, in the command of Colonel V. S. Muzzy, the 6888 Central Postal Directory, under command of Captain Frederick F. Felchler, the 10th Central Postal Directory, under command of Captain C. C. C. today; 10, 25, 50 cents. Sold and guaranteed to cure by all druggists.

Charged with Poisoning an Infant.

Boulder, Colo., March 4.—Water Bean, in jail here charged with poisoning his alleged victim being the 13-month-old child of the Hayes family, with whom he boarded at Lafayette. Bean purchased some strychnine, telling the druggist he desired it for some case. It is alleged he put the poison in the coffee. Mr. Hayes, after tasting the coffee found it bitter and threw it out, and thus saved his life. The child died in great agony an hour after drinking the coffee. Mr. Hayes, so that he might marry Mrs. Hayes.

They are so small that the most sensitive persons take them. They are so effective that the most obstinate cases of constipation, headache and torpid liver, biliousness, indigestion, etc., are cured. They are known as the famous little pills. C. H. Hagenbuch.

A lady at a ball called her husband an Indian because he was on his trail all the time. Now we're Indians on your trail to make you a customer. If we once get you, FACTORY SHIRT STORE.

Many cases of "Grippe" have lately been cured by One Minute Cough Cure. This preparation seems especially adapted to the cure of this disease. It acts quickly through the entire system, and has no bad effects in which this disease often leaves the patient. C. H. Hagenbuch.

A Tour to Washington at Exceedingly Low Rates.

Washington is today the handsomest city in America, and undoubtedly one of the most beautiful capitals in the world. That grand monumental building, the Capitol, has no counterpart. The new Congressional Library, with its statues, its hall, and its marble halls, is a veritable palace. The great monument, five hundred and fifty feet high, is the loftiest memorial shaft in the world, and the National Museum has the reputation of being the most perfect in design for the purpose of any in existence. In point of interest it is second only to the famous British Museum of London. The three-day tour of the Pennsylvania Railroad Company are arranged to cover all these points of interest, and many more. The tour of the city is made under the personal escort of an experienced tourist agent, and every facility is afforded for a complete visit.

The next tour of the present series will leave New York and Philadelphia March 11. Round trip tickets, including hotel accommodations and every necessary expense, will be sold at rate of \$14.50 from New York, \$11.50 from Philadelphia, and at proportionate rates from other stations. Apply to ticket agents; Tourist Agent, 1100 Broadway, New York; or Geo. W. Boyd, Assistant General Passenger Agent, Broad street station, Philadelphia.

That Tired Feeling.

"I was troubled with that tired feeling all the spring. I purchased three bottles of Hood's Sarsaparilla, and when I had taken about half of it I was feeling well again. I believe Hood's Sarsaparilla to be an excellent blood purifier and tonic." Miss OMA E. MORGAN, Busey, Illinois.

Builds up the Health.

"We take Hood's Sarsaparilla as a tonic in the spring. Two of our children had found that their blood was in a bad condition. Hood's Sarsaparilla built them up, and we have taken it again this spring with much benefit." Mrs. P. H. CARROLL, Pleasant Lake, Mass.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy anything else instead. There is no substitute for Hood's.

A GREAT REMEDY.

For Sufferers From Piles.

Dr. Redmond, a specialist in the study and treatment of Piles and rectal disease, recently stated that the Pyramid Pile Cure, the most remarkable remedy he had ever seen or tried in any respect, and that was, the instant relief experienced in all cases, no matter how severe, from the moment the remedy was applied; this was the most surprising to him, because he had carefully analyzed the preparation and no trace of opium, cocaine or similar poison could be detected.

Physicians look with great favor upon the Pyramid Pile Cure, because it is rapidly taking the place of surgical operations and because it is so simple, so easily applied and contains no mineral or other poisons so commonly used in pile cures.

Dr. Ederbrook reports that the Pyramid Pile Cure not only cures the various forms of Piles, but never fails to give immediate relief on the first application, no matter how severe the pain or discomfort may be.

People who have suffered from piles for years are often astonished at the instant relief experienced from the first application. Another important advantage is the fact that anyone can use the remedy without daily occupation. Sold by druggists at 50 cents per package.

SECRETARY BLISS ACCEPTANCE.

The New Yorker Will Head the Department of the Interior.

Washington, March 4.—Cornelius N. Bliss, the last appointee of President McKinley's cabinet, who announced his acceptance yesterday, was today to be sworn in as Secretary of the Interior at the Arlington this forenoon. When asked as to his understanding of the portfolio that he would hold he said: "As I understand it, the arrangement of the cabinet, as has been already announced, is that I should be Secretary of the Interior, but the Interior department for me to take. The fact is that the arrangement has only been consummated so recently that I have had no time to think over the details of the arrangement. I have not yet given my thought to the selection of assistant secretaries for the department."

Secretary Loog's Departure Delayed.—Bacon, March 4.—Governor Long yesterday afternoon received a telegram from President-elect McKinley saying: "It is important that you be present at the inauguration." Mr. Long, however, cannot comply with the request implied in the message, and will not start for Washington for several days.

Tons in Florida.—No district in America presents, during the winter season, so many varied attractions as the State of Florida. Besides its delightful climate, which is one step up from the cold, unhealthful changes of the North, almost everywhere, it is pre-eminently a land of sport and pleasure. Along its eleven hundred miles of salt-water coast and in its twelve hundred fresh-water lakes are fish of almost every conceivable variety, from the migratory fishes common to Northern waters to the tarpon, pompano, and others of a more tropical character. Nowhere in all our broad land is the angler find a greater variety of game or better sport.

Here also the most enthusiastic hunter finds satisfaction. Deer, turkeys, bears, partridges and wild cat are found in large numbers in the more sparsely settled regions, while birds of all kinds may be found in almost every section of the State. The most novel sport of alligator and muskrat hunting may also be indulged in by the more adventurous tourist. With its matchless climate, its orange groves, rivers and lakes, its boating and bathing, its fishing and hunting, and its extensive forests, Florida presents unrivaled attractions for the winter tourist.

For tickets, itineraries and other information, apply to ticket agents, special booking office, or address Geo. W. Boyd, Assistant General Passenger Agent, Broad street station, Philadelphia.

GREECE AND THE POWERS.

King George and His Cabinet Considering the Situation.

London, March 4.—The Athens correspondent of The Daily Mail states that in consequence of the refusal of M. Deloyannis, the Greek premier, to send further reinforcements to Crete, the minister of war, M. Smeolakis, has resigned. Colonel Deloyannis has been appointed to succeed him. Deloyannis is not a member of the house (legislative chamber), where the appointment is unpopular. But he is said to be the nominee of King George.

Commander Reinick has been recalled. His recall was due to his having shown headless deference to the wishes of the foreign admirals, and especially because of the fact that he failed to fire upon the Turkish warship bombardment. His officers have displayed a resolute spirit because he disapproved their invitation to an insurgent leader to partake of their hospitality on board a Greek man-of-war.

Premier Deloyannis has long conferences with King George daily, and the cabinet is now sitting to discuss the character of the report to be given to the identical notes of the powers and the military measures necessitated by the situation in Thessaly, where the Turkish troops on the frontier are taking up an irritating attitude likely to produce collision at any moment. Meanwhile preparations continue for mobilization and dispatching further reinforcements to the seat of danger.

A monster demonstration took place today in favor of the policy of resistance to the demands of the powers. This is the dominant note of the populace, and the belief is universal that even if Colonel Vasvas is recalled by the government his officers will resign their commissions and join the insurgents.

NUGETS OF NEWS.

Nicholas Schorn and his stepson were found dead in their home in Detroit, Mich. Mrs. Schorn has been arrested on a suspicion of having caused the deaths.

Many vessels have been wrecked and persons drowned off Yarmouth in the terrific gale that is prevailing along the coast and in the interior of England.

The Dauntless has been tied up at her dock at Jacksonville, Fla., her crew awaiting the dispatch of one of his numerous damage suits before again going to sea.

The Discovery Saved His Life.

Mr. G. Callender, Druggist, Bayaville, Ill., says: "Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but to no avail and was given up for dead. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to feel better, and after using three bottles I was cured. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at A. W. Ashley's Drug Store.

The Antis Hold the Church.

Bay City, Mich., March 4.—The attempt of the authorities to gain possession of St. Stanislaus Polish church has been a complete failure. Judge Maxwell yesterday decided not to ask for troops. Yesterday afternoon he sentenced Alderman W. G. Kabat, leader of the antis, to five months' imprisonment in the county jail, and imposed a fine of \$2,500. In case the fine is not paid Kabat must remain in jail six months. Everything is quiet at the church, the antis holding the property in defiance of civil and ecclesiastical authorities.

Spring Medicine

Experience teaches the importance of special care of the health.

And fixed among the important principles of hygiene and health is the acknowledged necessity of a good Spring Medicine.

Just as firmly established by the experience of millions of people, is the positive fact that Hood's Sarsaparilla is "far and away" the best blood purifier and spring medicine ever produced. The necessity is found in the impure condition of the blood at this season, owing to the close confinement and breathing vitiated air in office, store, shop, house,
